

## **TERMS OF AGREEMENT 2019 – 2020 BALL SPORTS AND GROUP TRAINING FACILITIES**

### **Contract period**

UniSport Kluuvi (Yliopistonkatu 4), UniSport Kumpula (Väinö Auerin katu 11), UniSport Meilahti (Zaidankatu 9), UniSport Otaniemi (Otaranta 6)

Contract period: temporary, 15.8.2019 – 15.6.2020.

UniSport Viikki (Viikin normaalikoulu, Kevätkatu 2)

Contract: temporary, 1.9.2019 – 31.5.2020 (excluding school holidays and other exceptions)

### **Accessing facilities, payments and cancellations**

The regular reservation agreement is temporary. The contract is valid from the day of writing the contract or the start of the contract period.

All participants using the regular reservation time must be members of the University of Helsinki, Hanken or Aalto University customer group to be able to purchase a regular reservation at the discounted prices for these institutions. If people outside these customer groups use the reservation, UniSport has the right to charge according to the "normal price" category. For badminton reservations, the player accompanying the university member may belong to any customer group.

The reserved times during the season are billed according to the current UniSport price list and the regular reservation agreement. All reservations within the agreement period will be billed, including unused ones. Regular reservations are billed four times during the contract period (February, May, September, November). If the customer wishes to pay in several instalments, there will be a 5 € fee per invoice. The terms of payment for regular reservations are in accordance to the University of Helsinki's payment terms. The invoice must be paid within 14 days. The penalty interest rate is 8 %. Non-payments result in the termination of the regular reservation.

The time and place of the regular reservation can be changed free of charge once during the agreement period (if there are time slots available). Other changes will be subject to a 20 € fee per change. The party holding the regular reservation has the right to transfer the entire agreement to a third party, which will then be responsible for the contractual obligations starting from the day of the transfer. The transfer will be valid, once the party holding the reservation has provided a written notification of the transfer to UniSport and UniSport has approved it. In a transfer situation, the price of the regular reservation is always determined by the current price list and the customer group of the new agreement party.

You cannot conduct business activities during regular reservation times. The customer cannot hire an instructor outside UniSport without UniSport's permission (exception for clubs).

### **Cancellations by UniSport**

UniSport has the right to cancel the reservation, due to matches, competitions or other events held at the facility. The contact person for the reserved time must be informed about potential cancellations by UniSport on time. In these situations, the reservation will not be charged, if it is cancelled by UniSport. The sports facilities may be closed, or opening hours changed due to public holidays. UniSport reserves the right to close facilities due reasons caused by unexpected events (e.g. water damage).

### **Using the facilities**

Customers with regular reservation bookings must register each time at the customer service point. The equipment at the facilities (goals, rinks, nets etc.) may be used during the reservation and must be returned to their designated places within the reserved time. The time slot for the reservation cannot be exceeded. The electric curtains dividing the halls must only be used strictly according to given instructions.

UniSport is not responsible for any injuries or damages to personal belongings. The participants of the reservation times must follow the sports facility's regulations and personnel's instructions. The user of the reservation is liable for reimbursing any damages to the facility or equipment. All participants use the reservation at their own risk and are responsible for their own health.

The use of the gym or other services is not included in the regular reservation agreement. These are subject to a separate fee according to customer group, which is based on UniSport's current price list.

## **Terminating the regular reservation agreement**

The temporary agreement for regular reservations is valid for the entire contract period. If the circumstances of the party holding the regular reservation change substantially, for example due to a long-term illness (excluding organizations and companies), bankruptcy or another factor restricting operations, the reserving party has the option to terminate the contract before the end of the contract period. The request for termination must be delivered in writing with proof of the grounds for termination to the person in charge of regular reservations at the UniSport location. The termination of the contract is determined by when the written notice and proof are delivered and their content.

If the regular reservation is not used according to the agreement terms, for example by constantly failing to tidy up or exceeding the time slot, UniSport has the right to terminate the regular reservation agreement before the end of the agreement period.

UniSport reserves the right to the terms of the agreement. If the terms of the agreement are changed during the agreement period, the contact person of the regular reservation will be informed by email four (4) weeks earlier. If the terms change significantly, the customer holding the reservation has the option to terminate the agreement without any further reasons.

**The contact person of the regular reservation agreement must inform the group using the reservation of the terms of the agreement, possible cancellations and other changes regarding the reservation.**
